

Domiya Mayilalakan

ICT Undergraduate | Aspiring Software Developer & UI/UX Designer

Jaffna, Sri Lanka | domidomiya6@gmail.com

LinkedIn: linkedin.com/in/domi06 | GitHub: github.com/domidomiya6-ship-it

PROFILE

Motivated undergraduate pursuing a Bachelor of Information and Communication Technology (BICT), interested in software development, web development, database management and UI/UX design. Enjoys learning new technologies and building practical projects — both individually and as part of a team — to strengthen technical and design skills.

EDUCATION

Bachelor of Information and Communication Technology (BICT) — Undergraduate 2022/2023 batch · Expected 2026/2027

University of Vavuniya, Sri Lanka — Faculty of Technological Studies, Department of ICT.

TECHNICAL SKILLS

Programming: C, C++, Java, C#, HTML

Design & Concepts: UI/UX Design, Data Structures, Database Management

Tools: Figma, MS Word, MS Excel, Git & GitHub (beginner)

PROJECTS

University GPA Calculation System Group Project · Java

Calculates subject marks, GPA and semester GPA for multiple students using arrays and OOP concepts.

Food Delivery System Java · OOP

Console-based food ordering system (Pizza, Sandwich, Salad) demonstrating abstract classes, inheritance, encapsulation and switch-case logic.

Online Voting System Group Project · C#/.NET

Secure digital voting platform with voter registration, login authentication, candidate management and vote counting.

MindMitra LK — Mental Wellness Platform Group Project · UI/UX Design (WIE Competition)

Digital platform concept supporting students' mental well-being, designed with user-centered UI in Figma.

GreenLife — Sustainable Lifestyle App Group Project · UI/UX Design

Mobile app design encouraging sustainable habits and climate-friendly actions.

Zomato Mobile App & Travel App UI/UX Design

High-fidelity mobile app UI concepts with interactive prototypes, focused on navigation and visual design.

Calculator Web App & Portfolio Website Web · HTML, CSS, JavaScript

Responsive calculator and personal portfolio site built and deployed independently.

CERTIFICATIONS

- Python for Beginners — University of Moratuwa, Sri Lanka (2026)
- Introduction to GitHub & GitHub Actions
- Introduction to Cybersecurity Awareness — HP LIFE
- eLibraryUSA Session (2-day programme)
- Empowering Women Entrepreneurship Workshop

LEADERSHIP & ACTIVITIES

- Director of Design & Promotion — Zero Plastic Movement
- Volunteer of the Month — Zero Plastic, University of Vavuniya
- Participant, IEEE Women in Engineering (WIE) student activities and group design projects
